THE BEFAST ANNUAL PARTNERSHIP

30 days to prove ourselves. 12 months to grow *together*.

Put a dedicated senior team for design, video and web on your real work for one month, at the regular rate. If we deliver, lock in the next 12 months at 20% off, with a delivery guarantee written into your agreement.

We earn your trust before we ask for a year.

DAY 0

Plan the month

A 15-minute call: your monthly volume, the right plan, first requests and start date.

DAY 7

First check-in

Real deliveries, your feedback and how the team works with yours.

DAY 21

Delivery review

Every request and every deadline of the month, met or missed.

BY DAY 30

Your call

The year at 20% off, stay monthly, or stop. Nothing renews into a year on its own.

One month to start. 20% less for the year.

Plan	Active requests	Month one	Next 12 months, optional	Monthly equivalent	You keep
Pro 1 brand, 2 users	2	$3,495	$33,552 upfront	$2,796	**$8,388**
Agency Partner White label, unlimited client brands	3	$4,495	$43,152 upfront	$3,596	**$10,788**
Scale Up to 3 brands, art director, video up to 3 min	4	$5,995	$57,552 upfront	$4,796	**$14,388**

USD. Month one is billed separately at the regular rate; the year is 12 new months starting the day month one ends, with the same team. Savings compare 12 monthly payments with the prepaid annual price. Add-ons, third-party costs, taxes and bank fees are separate.

The delivery guarantee, in writing.

1 MISSED DEADLINE

A day of service, on us.

One day of credit added to your plan, automatically.

2 MISSED WITHIN 60 DAYS

You can end the year.

Written notice within 30 days of the second miss. No penalty.

YOUR REFUND

Unused time, back to you.

At the annual rate you paid, within 15 business days. Not repriced at the monthly rate.

A deadline counts once the request is active with the full brief and materials. Waiting on feedback, scope changes and events outside our reasonable control don't count; a revision of the same request isn't a second miss. Every due and delivery time is logged in your workspace. Covers our deadlines, not sales or ad results.

Why teams prepay the year

- The budget already exists: it replaces freelancers, overtime or a postponed hire with one fixed line.
- Same capacity for 20% less than paying monthly.
- Your senior team stays on your account all year, rate locked.

Know the exit before you start

- Month one is not refundable once it starts and commits you to nothing longer.
- Leaving the year for any other reason: we refund what you paid minus the months used, at the regular monthly price.
